Previous experience in the field of...: Riding horses

Previous equestrian experience: My experience with horses goes back almost 20 years. At the age of 7, I started getting regular lessons, and at the age of 11 I started competing regularly.

I had two horses, one of whom I trained up from the age of four to successfully compete in up to 120 cm. Although I regularly competed myself, I also found great pleasure in being a show-groom for more senior riders.

I often also helped to ride horses from my trainer and other colleagues and also assist with training young-stock.

Due to personal circumstances, I took a long break from horse-riding, however I have devoted the past months volunteering on stables across Europe, and have been loving every minute of it!
